

## **OVERVIEW OF SELECT DEMO, LLC's SAFETY PROGRAM**

Below are some of the highlights of Select Demo's Safety Program :

- Highly experienced Safety and Management team, with personnel who have extensive Environmental Consulting, Demolition, Abatement, Safety, and similar backgrounds; and experience working on numerous high profile and sensitive projects, including work at Harvard University, Pfizer, Raytheon, and others.
- Company Ownership that is eager to commit to and spend on safety initiatives, and to keep improving on an already impressive record across seven (7) or more related companies.
- Weekly Safety Inspections of Job Sites, more frequent if needed.
- Weekly Tool Box Talks
- Site Specific Safety Manuals
- Site Specific JHA's
- Ability to add General Contractos or Owner's specific safety requirements to our own easily (i.e. PEVI, CWP, and others)
- Ability to address complex environmental requirements, including ambient air monitoring, personal air sampling, dust sampling etc.
- An work well with Owners and their IH Consultants due to the experience of the management staff here
- Familiarity with CSAP, Numerous accounts already set up for Select Demo and Subsidiary Companies
- Worker disciplinary monitoring and safety commitment program and documentation
- **0.64 EMR**
